Welcome to the Immunization Compliance Application. The number one source for tracking immunization non-compliant patients. We are dedicated to giving you the very best compliance patient tracker with a focus on: dependability, customer service and uniqueness. Founded in 2020 by Angela Ayala, Colton Remmert, Iris Huang, Jason Van Bladel. When ICA first started out, our passion for helping health care staff and encourage patient compliance drove us to do intense research, code day and night to turn our hard work and inspiration into to a desktop application that can serve health care systems around the world. We now are able to serve customers all over the US, and are thrilled to be a part of the quirky wing of the health care industry. We hope you enjoy our products as much as we enjoy offering them to you. If you have any questions or comments, please don't hesitate to contact us.

Sincerely,

Team Two
